

LIGHT QUESTION BEFORE THE BOARD

Patrons of Local Electric Company Invited to Special Council Session Tuesday Night.

RATE READJUSTMENT ASKED

City's Petition Pending Before Commission Seeks Schedule of Seven Cents Here.

For more than two hours Tuesday night the city council sitting as the board of public works discussed the local electric situation with particular reference to the city's pending case before the Indiana Public Service Commission, which asks for a readjustment of light and power rates. Recently Mayor Ross received a letter from Judge J. L. Clark, a member of the Commission, which stated that the Commission was ready to take up the case at an informal conference here. Mayor Ross replied that the matter would be discussed at the board of works meeting and a definite answer would be filed then.

The members decided Tuesday night to hold a special session of the council next Tuesday night when the matter would be taken up in detail. Members of the Commercial Club and Merchants' Association, power users and all other patrons of the local Company are invited to attend this meeting, state their grievances, if any, and decide on the demands that will be made at the conference between the city officials and representatives of the Interstate Public Service Company. Mayor Ross wrote the Commission today that it would be satisfactory to the council for the conference to be held at any time the Commission may desire after next Tuesday. It is believed that it will be held within the next ten days as the Commission has stated that it is ready now to take up the case.

The members of the board were supplied with copies of the financial report which was filed by the accountants several weeks ago. Upon this report the Commission will decide the case taking into consideration, of course, the arguments and information that are given at the conference. The Commission agrees to send one of its members here to preside at the meeting so that he can aid in deciding questions which may arise. This method was used with excellent results in the recent hearing regarding the gas rates. The gas rates were reduced immediately as a result of such a meeting.

The present rate for residences, it was stated at the meeting, is 12 cents per kilowatt hour and 10 cents for business houses. From this a discount is deducted when the bills are paid within a certain time as specified by the franchise.

The council in its petition made a demand for a flat rate of seven cents per kilowatt hour for both business houses and residences with a lower rate for power users. At the conference the city officials will make a fight for this flat rate. It is stated that at this time some of the private residences are using more current

MUSICAL PROGRAM GIVEN BY HIGH SCHOOL STUDENTS

Appropriate Programs in all Grades Mark Closing of Schools for Thanksgiving Vacation.

A musical program was given at the high school this morning during chapel hour, previous to the dismissal this afternoon for the Thanksgiving vacation. The boys' glee club and the girls' glee club both sang at this morning's exercises and there were several excellent solo and duet numbers. The program was as follows: Thanksgiving Songs, Primary Grades, High School Chorus.

Sonata.....Miss Rachel Barbour. "Every Morning Mercies New". Girls' Glee Club.

Duet, "Angel's Serenade".....Lorita Bollinger, Lillian Griffiths.

Flute Solo.....Miss Lucile Kessler.

Piano Duet—"The Rustic Dance".....Omega Wheaton, Iris Cox.

Cornet Solo.....Louis McPike.

"A Merry Life," "Can't You Hear Me Callin, Caroline?".....Boys' Glee Club.

The high school orchestra, which is composed of seventeen pieces, is doing excellent work and is showing marked progress. The orchestra did not play this morning on account of lack of time, but will furnish a full program at the chapel hour next Thursday. A bass drum has been ordered and will be added to the orchestra next week.

Appropriate Thanksgiving programs were given in all of the grades this afternoon, and the schools closed until Monday.

200 CHILDREN TO SING AT CITY CHRISTMAS TREE

Special Music of Numbers Decided Upon by Committee in Charge of Celebration.

Another meeting of the Municipal Christmas Tree Committee was held Tuesday evening and arrangements for the musical features of the event were taken up and discussed in detail. E. O. Heuser was chosen to look after and arrange for the musical program. Several specially strong features are under discussion. Among the things definitely decided upon are, a children's chorus of 200 voices, and an adult chorus of 50 voices. These musical features alone, promise to be a strong attraction. Other features will be announced as they are worked out by the committee.

DESERTED MOTHER APPEALS FOR HELP

Young Woman, Accompanied by Her Two Little Sons, in Destitute Circumstances.

SAYS HUSBAND DESERTED HER

Pleads with Police to Permit Her to Keep Children—Assistance Will be Given.

A pitiful case of a young woman and her two sons, ages two and six years, who were left in destitute circumstances when their little home was broken up by the disappearance of the father, came to the attention of the city officials today. Mayor Ross, Chief of Police McCord and others who are interested in the case have made an investigation and believe the woman to be worthy of help. She appealed to them for assistance, she said, as the last resort to keep herself and children from starving.

The woman gave her name as Mrs. Dessie Lamasters, 22 years old. She tells an unusual story of privation and hardship and interwoven in it is her desire to keep her children. The love for her little sons was told unconsciously as it was the one thing that resulted in her supreme effort to give them the necessities for life and health.

Mrs. Lamasters told the police that until recently she and her husband were living on a rented farm near Lexington and that when the farm was sold they went to Watson's Junction where he hoped to find work on a farm. After a search for several days he was given employment in the corn field, but after he was paid his wages he went to Louisville and never returned to them. She said that he spent much of his money for liquor even to the privation of herself and children.

After the husband's alleged desertion Mrs. Lamasters was left without means and she said she took her children into the field with her while she husked corn for farmers living near the Junction. She came here about a week ago as she has relatives living here, but they are in such circumstances that they could not help her.

At the police station it was suggested to the woman that the children be sent to a state home where they would be given a comfortable home with wholesome food. At this suggestion Mrs. Lamasters broke down and cried. "Oh, don't do that, please don't. When my children are gone I am ready to go. They are all I have. Just give me a chance. If you'll give me a little stove I'll get enough washings to do to provide for them."

Mayor Ross explained the case to a number of citizens and it was suggested that the city charity organization be notified. Accordingly, Mrs. J. P. Shield, one of the active members of the organization, was informed of the plight of the unfortunate woman and she visited Mrs. Lamasters at the city building today. Everyone who has talked with the woman is of the opinion that she is worthy.

OWEN INSTITUTE WELL ATTENDED

Two Days Farmer's Institute at Clear Springs Brings Out Big Crowd—Practical Program Given.

2 SHORT COURSES SCHEDULED

Interest in Corn Show Throughout County Grows and Indications Point to Successful Event.

One of the best attended and most successful farmers' institutes ever held in the county was the one which was held Monday and Tuesday at Clear Springs. At the closing session Tuesday afternoon there was an attendance of 230, and all sessions were largely attended. The program was almost altogether one of practical demonstrations, and some very interesting and helpful demonstrations, were presented. County Agent Cobb gave a corn judging demonstration and talk, and also a dairy cow judging demonstration. Prof. Fitzgerald and Miss Price, of the Clear Springs high school, also gave interesting talks and experiments. Students of the school contested for honors in singing and reading and many excellent musical numbers were given. At noon a bountiful chicken dinner was served.

Mr. Cobb reports much interest in the Clear Springs neighborhood in the forth coming corn show in this city, and says that everyone is planning to come, and that the entries from Owen township will exceed his expectations. Much interest is displayed also in dairying in Owen township and plans for a cow testing association will be formulated in the near future. The farmers wish to bring their dairy cows up to the highest possible standard and realize the necessity of organization along this line.

Two short courses are to be conducted in the county next month under the auspices of the agricultural extension department of Purdue University. One is to be held at Crothersville on Dec. 14 and 15 and the other at Medora on Dec. 16, 17 and 18. The corps of instructors will consist of Miss Alma Garvin, domestic science, J. C. Beavers, soils and crops, W. O. Mills, dairying, and C. B. Durham, horticulture. A most interesting and helpful program has been arranged for both courses, and it is expected that a large number of farmers will avail themselves of the opportunity of attending.

Interest throughout the county in the corn show continues to grow according to Mr. Cobb, and indications now are for a much larger display of corn than was first expected. "The farmers are taking hold of it in a most commendable manner" said Mr. Cobb today, "and are enthusiastic over the idea. There will be some mighty fine corn entered from every township." "Even if we can't compete with some of the other townships, we're going to have our corn right there" was the way one man from the edge of the county put it, "and have a show of our own." The township boosters are all working hard and have secured entries from several who will be unable to come in to the show before Friday or Saturday.

day. Things all point to a successful show."

The premium lists and programs have been printed and distributed and the large lithograph posters have been posted in all parts of the county. Mr. Cobb has visited practically all the schools of the county and talked up interest in the display of domestic science and agricultural work, which will be a feature of the corn show.

Christie Date Changed.

The committee announced this afternoon that the date of Prof. Christie's lecture had been changed from Friday, December 3rd, to Thursday, December 2nd. Prof. Christie had made a mistake in his bookings and thought he had the 3rd open, but afterwards learned that he was scheduled for Monticello on that date and would be unable to change his arrangements there, as he had promised them last year to be on hand. Accordingly, he notified the local committee and offered to come on either of the other days. Prof. Christie's lecture will be delivered in the Majestic Theater, and his subject will be "The Relation of the Farmer and the Business Man." Everyone should hear him.

RELATES STORY OF NAVAL BATTLE

Captain Falkenburg, Witness for Government, Tells of Running Fight at Sea.

IN COMMAND OF THE BERWIND

Transferring Cargo to German Ships, He Testified, When British Converted Cruiser Appeared.

By United Press.

New York, November 24.—A graphic story of a naval battle off the coast of Trinidad on the evening of August 18 was told by Captain Falkenburg, of the steamer Berwind, testifying today for the government in the trial of the four Hamburg-American officials. A German commerce raider, the Cap Trafalgar, was sunk by the British converted cruiser Carmania and three other German ships put to flight, he testified. The Berwind escaped attack, he said, because she was flying the American flag.

Captain Falkenburg was one of the most important witnesses offered this far by the government to support its charge that the Hamburg American officials illegally supplied German warships from American ports.

The captain said his steamer was chartered by the Hamburg-American. He said he sailed from New York without knowing his destination, but worked under the direction of one of the indicted officials. The Berwind, after searching for thirty-six hours, sighted the German raiders, he said.

"We were transferring our cargo of supplies to the German ships when the British converted cruiser Carmania hove in sight," said the captain.

"The German ships scattered, the Carmania pursuing the Cap Trafalgar. The Trafalgar returned her fire. There was a running fight of about two hours before the German ship went down.

"The Berwind had cleared New York ostensibly for Buenos Aires," the witness said. "After the naval fight she proceeded to Rio Janiero, unmolested by British warships." Falkenburg said on his return to New York he received \$500 from the managing director of the Hamburg-American line as additional compensation for his services.

LOCAL PLANT, CLOSED TWO MONTHS, IN OPERATION AGAIN

Over One Hundred Men Begin Work at Seymour Manufacturing Company—Others to be Added.

All departments of the Seymour Manufacturing Company resumed operation today after being closed for eight weeks for extensive improvements and repairs. The whistle this morning was the signal for 115 men to return to work and it is announced that the force will be increased within a short time. Additional men will be added in each department as soon as possible.

During the last two months only a limited number of the regular employees have been at work as only part of the hames department was in operation. This is the new department recently installed at the local plant and promises to be developed into one of the largest. While the new power house was being built the machinery in the hames department was operated by electric current furnished by the city plant.

While the factory was closed a new brick power house was erected, new boilers were installed and other improvements made. The plant will now generate its own electric current for power and lights. All the machines are operated by individual electric motors. The several buildings are heated with an improved steam heating system. During the last two months the orders have come in rapidly and the plant will be in operation continuously.

LIGHT QUESTION BEFORE THE BOARD
(Continued from first page)

than some of the smaller business houses although the latter get a lower rate.

Mayor Ross went into detail concerning the street lighting rates and produced statistics procured from ten cities in Wisconsin which are about the same size of Seymour. He said that this city is paying about \$9,500 a year for street lighting, while the average amount paid by the ten cities to which he referred is about \$5,500. He thought the rate here is higher than in any of them. He further stated that recently he had an expert to compute the rate

which the city is paying for street lights and was informed that it was about 8 cents per kilowatt hour. It was suggested that this city might have more lights in use than any of the other cities compared with it, which would account for the larger yearly amount which is paid for this service.

Nathan Kaufman, president of the Commercial Club, was present at the meeting and assured the members that the Merchants' Association, Commercial Club and patrons of the company supported the council and mayor in their endeavor to get a readjustment of rates. He suggested that the special council meeting be held Tuesday night when the citizens and patrons of the local company

could be given an opportunity to present their views regarding the matter.

The council talked at length relative to the valuation of the local electric light plant and thought it was worth about \$100,000. Mayor Ross said the average valuation of the plants in Wisconsin to which he referred was about \$92,000. Andrews said he believed the valuation of the local plant at \$100,000 was liberal. The gas plant, it was stated, was estimated to be worth \$50,000.

BENEVOLENT INSTITUTIONS FILE ANNUAL REPORTS

Board of Guardians Show By Statement That Orphans Are Well Cared For.

Reports from the various correctional, benevolent and penal institutions of the state were considered at the quarterly session of the Board of State Charities yesterday. Governor Ralston who, by reason of his office, is a member of the board, attended both the morning and afternoon sessions.

One of the reports submitted concerned visits made to children who have been taken from orphans' homes and placed with private families. The agents made 941 calls to visit children and reported only nine or 1 per cent. not found. Of the 932 children visited, 787 or 84.4 per cent. were doing well; 119 or 12.8 per cent. doing fairly well; 906 or 97.2 per cent. doing satisfactorily. Twenty-six children, or 2.8 per cent., were reported doing poorly.

Seventy-seven children were removed from family homes. Of these fifty-six were transferred to other family homes and twenty-one returned to the counties of which they are

wards. Forty-three children were placed for the first time, making a total of ninety-nine placements.

Agents investigated 118 applications for children; seventeen, or 14.4 per cent, were rejected. One hundred and twenty-four applications were received. Of these twenty, or 16.1 per cent., were for children under 5 years old; twenty-eight, or 22.6 per cent, for children 5 to 11 years; fifteen, or 12.1 per cent., for boys and girls from 12 to 14 years, and sixty-one, or 49.2 per cent., for children more than 14 years old.

Agents made forty-six visits to orphans' homes, forty visits to county boards and officials and made 126 special visits and investigations. They spent 393 1/4 days in the field, at a cost to the state of \$2,699.30 and of \$163.19 to the counties.

Miss Charlotte Abbott, of Quincy, Ill., came down from Bloomington today, where she is a student at I. U., and will spend the Thanksgiving holidays with Mrs. Haskell Lett.

Mrs. Curtis Baise and son, William, went to Cincinnati this morning to spend the day and tomorrow will go to Indianapolis to visit with relatives.

ITALIAN LOSSES
ALMOST MILLION

Number Includes all Killed and Wounded at all Fronts Since The War Started.

ESTIMATE BY THE AUSTRIANS

Vienna Statement Says Austrian Casualties at Goritz Were Very Small.

By United Press.
Vienna, November 24—A million Italians have been killed and wounded in the fighting with Austrians, it was stated in an official bulletin today.

The losses are supposed to include all Italians who have been killed or wounded at all fronts since the war began.

"Our front," the statement said, "has been victoriously maintained everywhere."

Denying that Austrian casualties at Goritz have been heavy the report says:

"Between Thursday and Sunday we had twenty soldiers killed and thirty wounded. The enemy, 'the state continued, 'have lost a million killed and wounded."

SERB NORTHERN ARMY IS FACING TEUTONIC FORCES

If Main Battle Lasts Long It Is Believed Entire Serb Army Will be Captured.

By United Press.
London, November 24—The Teutonic allies were face to face with the Serbs' northern army today. The final fight was evidently at hand. Official news from Vienna told of the capture of Mitrovitz. The Berlin foreign office announced the oc-

cupation of Pristina by Germans and Bulgars. The two towns are twenty miles apart on the famous Blackbird plain. On this plain, stretching from one town to the other the Serbs are entrenched. Across central Serbia sixty miles from Nish to their present position, the Serbs have fought every step of the way.

Whether the Central Powers have come up with the Serbs in sufficient force yet for an immediate attack is not known. It is felt there can be a delay of but a few hours before the main battle begins. If the struggle lasts long it is believed the whole Serb force will be captured.

ADVOCATES CENSORSHIP FOR THE HOUSE OF LORDS

Lord Derby in Recruiting Speech in Stock Exchange Says Information is Disclosed.

By United Press.
London, November 24—Censorship over the house of lords was advocated by Lord Derby in a recruiting speech at the stock exchange today.

"A man who gives information to the enemy goes by an ugly name, a name which applies as much to a man who gives information through a speech in the house of lords as to the man who risks his life in getting information to the foe directly."

Mitrovitz Taken.

By United Press.
Berlin, November 24—The Austrians have taken Mitrovitz and the Bulgarians Pristina at opposite ends of the Serbs' present main front, the Vienna war office announced this afternoon.

MONON PASSENGER TRAIN ESCAPES SERIOUS WRECK

Mr. and Mrs. George Kramer were Passengers—Coaches Enter Side Track.

Mr. and Mrs. George Kramer, of this city, were passengers on the Monon passenger train which ran into a switch when some one is believed to have tried to wreck it. Mr. and Mrs. Kramer were delayed in reaching Indianapolis as a result of the accident. They arrived home early today.

An account of the attempt to wreck the train was given in the Indianapolis Star under a Hammond date line:

Proverbial "Monon Luck" prevented a catastrophe at Dyer, fifteen miles south of Hammond, early this morning when Monon passenger train No. 35, bound from Chicago to Cincinnati, O., ran into a short switch, which had been deliberately opened to wreck the train. The presence of mind of Engineer George Miller, who threw on the emergency brakes, prevented any injuries to passengers. A twisted pony truck under the engine pilot was the only damage to the eight-coach train, which was going

forty miles an hour.

Two fires of incendiary origin, one at the base of the railroad interlocking tower and another in the Dyer flour mills, were discovered as the passenger train shot into the side-track, which had been cleared only a few minutes before of a string of box cars.

Dan Connors, 22 years old, a native of Dyer with a police record, was taken into custody by the authorities immediately after he appeared on the scene of the wreck, asking excitedly about details. He denied his guilt, but admitted having left three other young men in an automobile twenty minutes before the wreck.

The town and railroad authorities pointed to the fact that footprints in freshly fallen snow, similar to his, particularly with reference to worn-down rubber heels, were found around the switchstand from which the lock had been knocked. The footprints led from there to the flour mill. No formal charge has been preferred against Connors. The train was made up of four Pullmans, a day coach, combination day and baggage, one baggage and one mail coach. Engineer Miller, his fireman, Paul Baker, and Conductor J. A. McArthur all reside in Indianapolis.

DELAY ANTHRACITE RATES

Reduction in Freight Rates Postponed Until Jan. 1.

Washington, Nov. 24.—The interstate commerce commission entered order making a further postponement until Jan. 1, next, the date when the rates and regulation prescribed for the anthracite roads shall go into effect.

These rates are a reduction from prevailing rates and the modification of rules, regulations and practices will of course, tend to reduce the earnings of the road. The earnest protest of the carriers against the putting in effect of the new order which was made by the commission last July caused a postponement until Oct. 1, and later a postponement to Dec. 1, followed by the order still further postponing the reductions until the beginning of the new year.

HOLD SUSPICIOUS CHARACTER

Man Found by Police in Yard of Ammunition Plant.

Kingsland, N. J., Nov. 24.—A man giving his name as Thomas Wallace was arrested inside the fence of the ammunition plant of the Canadian Car and Foundry company here. Chief of Police McIntyre is holding him for investigation.

The plant has been in operation about four months and employs two thousand men. It is shipping ammunition to the allies. Nothing was found on Wallace that might lead to his identification.

Change of Sentiment.

The actual break or rebellion did much to crystallize public sentiment in Indiana. Prior to that many were the communications to the legislature advocating the Crittendon or some other compromise which would appease the South. Afterward the petitions came from mass meetings demanding "the raising of more regiments, the immediate arming of the people and the equipment of cavalry to protect southern counties." More than one ardent Democrat of promise found it expedient to make a public declaration of loyalty.

THOUGHT SHE COULD NOT LIVE

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would cramp and my face would draw, and I could not speak, nor sleep to do any good, had no appetite, and everyone thought I would not live.

Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong.

"I have always recommended your medicine ever since I was so wonderfully benefited by it and I hope this letter will be the means of saving some other poor woman from suffering."

Mrs. MARTHA SEAVEY, Box 1144, Unionville, Missouri.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

THE BETTER THING.

It is better to lose with a conscience clean
Than win by a trick unfair;
It is better to fall and to know you've been,
Whatever the prize was, square,
Than to claim the joy of a far-off goal
And the cheers of the standers-by,
And to know down deep in your inmost soul
A cheat you must live and die.

Who wins by trick may take the prize,
And at first he may think it sweet,
But many a day in the future lies
When he'll wish he had met defeat.
For the man who lost shall be glad at heart
And walk with his head up high,
While his conqueror knows he must play the part
Of a cheat and a living lie.

The prize seems fair when the fight is on,
But save it is truly won
You will hate the thing when the crowds are gone,
For it stands for a false deed done,
And it's better you never should reach—your goal
Than ever success to buy
At the price of knowing down in your soul
That your glory is all a lie.

There's a punch of joy in every puff of Prince Albert tobacco!

You don't have to call for an encyclopedia to find out how P. A. sets on your taste! You just open up your supply, jam-full a jimmy pipe, strike a match *and-puff-away!* Because, you've landed on the brand *at last* that hands out *all-the-time* the fun you've always sought!

The patented process fixes that—and cuts out bite and parch!

PRINCE ALBERT
the national joy smoke

among tobaccos is like a real man among men. *You can make camp with it on short acquaintance!* For it's case-cards-facts that P. A. is the friendliest smoke you ever hitched to a pipe. We know, *men everywhere* know, and you'll know that what we tell you is government-bond-stuff just as soon as you loosen-up and accept all this first-class, first-hand testimony!

We tell you our printed word has never yet struck within 50% of what P. A. will prove out! The heartiest enthusiasm of Prince Albert's friends does not overdraw the pleasure this tobacco *will give you!*

WHAT CAN YOU DO FOR CATARRH?

What? Ask yourself the question. How often has the doctor failed, as also ointments, salves, vapours? What you should do is to try S. S. S.

This easy, common-sense method—that costs so little—that is so quickly and vigorously effective—is often the last resort of many Catarrh sufferers. Why, it is hard to say. One of the trained specialists of the Swift Specific Company in Atlanta—a physician of standing and national reputation because of his knowledge of blood disorders, made the assertion that if the majority of chronic Catarrhal Victims would buy and faithfully take S. S. S., they could effectually get rid of Catarrh.

S. S. S. goes straight to the seat of trouble, the blood. It spreads its influence over every organ in the body, comes through all the veins and arteries, enables all mucous surfaces to exchange acids and irritating substances for red blood corpuscles that effectually cleanse the system and thus put an end to all Catarrhal pollution. S. S. S. cleans out the stomach of mucous accumulations, enables only pure, blood-making materials to

enter the intestines, combines with these food elements to enter the circulation, and in less than an hour is at work throughout the body in process of purification.

S. S. S. is made from roots and herbs that are food and tonic for the blood. It stimulates—gives the blood power to throw off poisons. You will soon realize its wonderful influence by the absence of headache, a decided clearing of the air passages, a steadily improved nasal condition, and a sense of bodily relief that proves how completely Catarrh often infests the entire system.

You will find S. S. S. on sale at all drug stores. It is a remarkable remedy for any and all blood affections, such as Eczema, Rash, Lupus, Tetters, Psoriasis, Boils, and all other diseased conditions of the blood. For special advice on any blood disease write The Swift's Specific Company, Medical Department, Room 11, Atlanta, Ga. Avoid substitutes.

"And you really love me like that?" asked Mary.
"No. A million times more."
"Oh, Rodney, Rodney," she said, almost crying.
"What's the matter?" asked her lover anxiously. "You love me too, don't you?"
"It means a lot to me to see you succeed," sighed Mary.
"But it isn't just the success, just the money, is it?" queried the boy.
Mary paused awhile and then answered, "No, I don't think it is."
"Then when will you marry me?" he began eagerly.
"Not in business hours."
"Very well, we'll wait till after 6."
"No, you agreed not until you'd made good."
"I know, I know, but it's mighty hard to be engaged and not to be allowed to kiss you. You won't even let me come to see you—much. It's all just business. Do you love me?"
"Do you doubt that I do?"
"No, but I'd like to hear you say you do."
"I won't gratify your vanity. We must stick to soap and advertising. Is that understood?"
"I suppose so, for today anyhow," he agreed, then leaned over and kissed her suddenly.
"Oh, Rodney!" protested the secretary.
"They say stolen kisses are sweetest, but I don't think so," he said, laughing. "They're so darned short. Won't you give me a real one?"
Mary shook her head.
"No. Now to business."
Rodney sat down again with an air of resignation.
"Well, then if this is a business of

face what do you mean by not getting down here till nearly 11?" he demanded sternly. He did not really think she had been remiss. He was only teasing her, of course. He was the optimistic one and knew things were all right. Peale had hypnotized him with his advertising magic.

It had been great fun reading the ads. They had seemed so large and conspicuous and inescapable. You would have thought that every reader of the newspapers, every traveler in the cars or busses in the special section marked out by Peale for old Mr. Martin's benefit, would have ordered 13 Soap straightway next morning whether they needed more toilet soap or not. Rodney had positively a feeling of self consciousness as he walked downtown in the morning. There was a half formed thought in his head that he might even be pointed at in the streets as the president of the great 13 Soap company. Now Mary's grave face and her cool ways when he would have made love to her chased all such business reveries into thin air.

"I was here at 9," said Mary.
"I knew it. But where've you been?"

"That's what I've got to tell you. I'm sorry it's such bad news."
"It can't be very bad if it comes from you."

"But it is. I've been out trying to raise money."

"Why, Mary, are you in trouble?"

"No, but I am afraid you are."

"If you wanted money, why on earth didn't you come to me?" asked Rodney.

"Because you haven't any. This firm's broke. I was surprised, too, when I balanced the books this morning," said Mary, "but you've spent a lot these last two days. Here's a statement of assets and liabilities. You owe \$22,818.09."

"Great Scott, what are our assets?"

"One hundred and thirty-three dollars and thirteen cents."

Rodney shook his head courageously.

"That's quite a showing for a month," he chaffed.

"And Mr. Jones, the advertising man, was here this morning too. He won't wait any longer for his money," went on Mary.

"But we paid him \$5,000 not long ago."

"And we still owe him \$9,400," said Mary. "Unless he gets \$2,500 of it today he says he will put you out of business."

"You didn't manage to raise any money while you were out, did you?" Rodney asked, pocketing his qualms about the source of Mary's capital.

"Not a cent," said Mary. "And you haven't heard from the countess since that day she signed the contract?"

"Not a word," said Rodney, and added hopefully, "But maybe we shall

PURE-FOOD CHEW IS "OLD KENTUCKY"

Made in a Great Modern Factory, It is Clean, Pure, Wholesome and Satisfying

FRUITY-SWEET IN FLAVOR

When you put a chew of tobacco into your mouth, you want to be sure that it is clean and pure.

Plug tobacco is the most wholesome and satisfying form in which tobacco can be used, and Old Kentucky is the cleanest, purest of plugs. It is made in a modern factory—spotlessly clean and perfectly sanitary.

Then, too, in Old Kentucky you get the mellow taste of the most deliciously mild tobacco leaf that grows.

Old Kentucky is made of the choicest Kentucky Burley, each leaf being selected with more painstaking care than is the case with any other plug tobacco.

And the pure flavor of that leaf is carefully retained—you get the real Burley taste.

Chew Old Kentucky for genuine chewing satisfaction.

soon."

"I don't know what we're going to do," said Mary, sighing.

But Rodney was still hopeful and inclined to cheer up.

"The important thing is I've got you anyhow," he said happily just as Ambrose Peale came in again.

"Well, well, well! Still spooning, eh?" said Peale. "Say, son, I've just learned a lot from that advertising agent downstairs. Great little guy; full of facts and figures. He gets paid \$50,000 a year for writing ads."

Peale was incorrigible, and today his talk in the face of their actual condition got on Mary's nerves a little. She interrupted impatiently.

"Never mind him," she said to Rodney. "We're broke."

"Nonsense! Some mistake in the books," said Peale.

"Is it? Here's a statement of our liabilities," she said, holding up a pa-

per—\$22,808.09."
"What's the 9 cents for?" Peale wanted to know, reading. "Assets \$133.13. That's a lucky hunch, thirteen. Well, why not change the headings? Make the liabilities the assets and the assets the liabilities. See, like this," and he scribbled on a pink pad that he carried with him: "Liabilities, \$133.13; assets, \$22,818.09. Morely a matter of bookkeeping," he added cheerfully, jabbing the pink paper on a hook.
"You'd make a wonderful expert accountant," said Mary scornfully.

LOYAL DEVOIR SOCIETY.

Mrs. Fred Auferheide was hostess to the Loyal Devoir Society of the Christian church Tuesday evening at her home on East Third street. The Thanksgiving offering that is made annually by the society will be the largest this year since the society was organized. Refreshments were served by the hostess during the evening. Mrs. J. H. Gurtner, of Wabash, was an out-of-town guest.

JUNIOR KAFFEE KLATCH.

The Junior Kaffee Klatch postponed its regular meeting this afternoon until Saturday afternoon when the members will be entertained at the home of Miss Josephine Fettig. At that time a number of the young ladies attending the several colleges will be home for the Thanksgiving vacation and will be guests.

THANKSGIVING SOCIAL.

The Knights and Ladies of Security will entertain the members and their friends this evening at their hall, with a Thanksgiving social. Following the program refreshments will be served.

AMERICAN BANKERS WANT DOLLAR STANDARD OF VALUE

Newly Begun Battle by Financiers in This Country Would be Saving of Much Money.

(United Press Correspondence)
New York, Nov. 24—How a great deal of money will be saved to American manufacturers if victory crowns the newly begun battle of American bankers to make the American dollar, instead of the British pound sterling, the financial standard for world trade, was explained to the United Press today by Max May, foreign exchange expert and vice-president of the Guaranty Trust Company.

Since time out of mind the pound sterling has been the world's exchange market standard. This was because Great Britain was considered a financial Gibraltar. Britain's varying war fortunes have unsettled the pound sterling, however, and it has been wobbling up and down in value almost every day. In other words, a pound's worth of American goods today may not be a pound's worth of American goods tomorrow.

"If the exchange market were stable," said Mr. May, "American exporters would be able to protect

Nine out of ten persons have this dread disease

Ptyorrhea—the most general disease in the world—is the disease you should be guarding your teeth against. It is caused by a germ which is found in every human mouth.

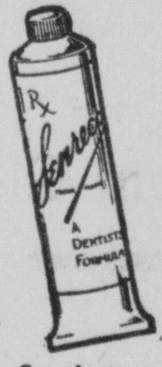

Thousands have already lost some or all of their teeth from this disease; in thousands it has reached the stage of bleeding gums and loose teeth; in thousands of others the germ, unsuspected, is just starting its work of destruction. Start today to guard your teeth from the dread results of this disease by using a corrective and preventive treatment in your daily toilet.

To meet the need for such a treatment and to enable everyone to take the necessary precautions against this disease, a prominent dentist has put his own prescription before the public

in the convenient form of Senreco Tooth Paste.

Senreco contains the best corrective and preventive for ptyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease. Senreco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesomely clean, cool and pleasant taste in the mouth.

Start the Senreco treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 25c two oz. tube is sufficient for six or eight weeks of the ptyorrhea treatment. Get Senreco at your druggists today, or send 4c in stamps or coin for sample tube and folder. Address The Sental Remedies Co., 503 Union Central Bldg., Cincinnati, Ohio.

themselves by knowing what prices to quote on their products.

"As it is, if a cotton man in the south sells a million dollars worth of his product to an English firm, on 90 days' credit, he quotes a price based on the prevailing exchange rate. If the exchange rate has slumped by the time he ships his goods, the cotton man loses money. The seller takes a big gambling chance. The buyer does not. If payment were based on American dollars that would not occur. We are trying to make all foreign buyers, governments included, pay in American dollars.

"Plans now being formulated by American bankers to stabilize foreign exchange may accomplish this result," said he. "The huge volume of exports are working toward that end also. The scheme under consideration should make it a fact.

"Naturally, foreign buyers are not anxious to do this. Sterling has been the financial criterion in world trade for so many years it is a hard task to get them to consider it.

"Payment in dollars for exported goods from this country would stabilize the exchange market and that, I think every banker will agree, is the most important question to be settled in international banking affairs today. "Sterling would better be around \$4.65, or some nominal figure like that at all times, than to be constantly fluctuating as it has been doing these last few months.

"In brief," concluded the exchange expert, "American exporters want the foreign buyers to assume the risk that American exporters now have to assume."

RHEUMATISM AND ALLIED PAINS —THEY MUST GO!

The congestion of the blood in its flow causes pain. Sloan's Liniment penetrates to the congestion and starts the blood to flow freely. The body's warmth is renewed; the pain is gone. The "man or woman who has rheumatism, neuralgia or other pain and fails to keep Sloan's Liniment in their home is like a drowning man refusing a rope." Why suffer. Get a bottle of Sloan's. 25c. and 50c. \$1.00 bottle holds six times as much as 25c. size.

GET RID OF THOSE POISONS IN YOUR SYSTEM!

You will find Dr. King's New Life Pills a most satisfactory laxative in releasing the poisons from your system. Accumulated waste and poisons cause manifold ailments unless released. Dizziness, spots before the eyes, blackness and a miserable feeling generally are indications that you need Dr. King's New Life Pills. Take a dose tonight and you will experience grateful relief by morning. 25c.

A PINE WHOOPING COUGH REMEDY.

Mothers, Dr. Bell's Pine-Tar-Honey is just the remedy for your children's cold ailments. The fact is that pine is a quick enemy of cold conditions. Its qualities loosen the mucus in the throat, soothe the lungs and open up the air passages. The combination of honey, soothing and pleasant, with the loosening pine quality makes this an ideal cough remedy for children. Each passing year brings for it, new friends. A family of growing children cannot afford to be without it. 25c. a bottle.

COLDS DO NOT LEAVE WILLINGLY

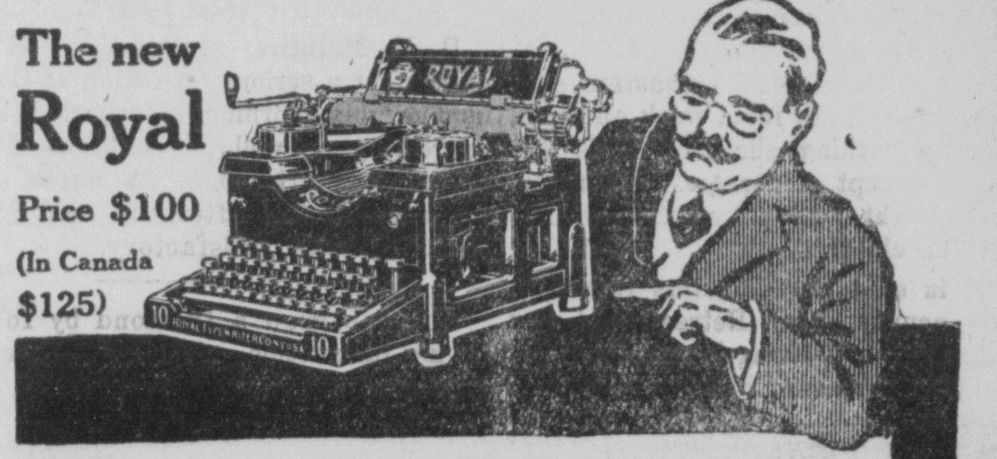

Because a cold is stubborn is no reason why you should be. Instead of "wearing" it out, get sure relief by taking Dr. King's New Discovery. Dangerous bronchial and lung ailments often follow a cold which has been neglected at the beginning. As your body faithfully battles those cold germs, no better aid can be given than the use of this remedy. Its merit has been tested by old and young. Get a bottle today. 50c and \$1.00.

Shop Early and Shop In Seymour

Seymour merchants are ready with their lines of holiday goods. There is no need to go out of town to do your Christmas buying. The announcements of the live, wide awake merchants of Seymour will be found in the advertising columns of the Republican. Read them carefully—they are valuable reading.

Ten Good Reasons Why You Should Buy at Home

1. Your home merchant can duplicate the prices made by any responsible firm anywhere on goods of the same quality, in the same quantities and on the same basis of delivery and payment.
2. You can examine your purchase in home stores and be assured of satisfaction before investing your money.
3. Your home merchants are always ready and willing to make right any error or any defective article purchased.
4. Your home merchants help support, through direct and indirect taxation, your schools, churches, libraries and other public institutions.
5. Your home merchants help to make a good local market for everything you have to sell, and that market more than any other factor gives your land its present value.
6. Your home merchants are your friends, ever ready to extend a helping hand in time of need.
7. If this community is good enough to live in and make your money in, it is good enough to spend it in.
8. The best citizens in this community are those who believe in and practice home patronage. Be one of the best.
9. Merchants in the distant cities give you nothing valuable that the home merchant cannot give you, and the former cannot, and will not, do for you many things the latter do gladly.
10. Every dollar kept in circulation in this community helps increase property values.
